Dear Child Care Provider:

Enclosed you will find materials regarding the H1N1 Influenza Virus:

**For your information:** An information sheet for child care providers and parents regarding the H1N1 flu (English in yellow; Spanish in blue)

**Hand washing poster to post:** An information sheet for you to post at the sink the kids use regarding proper hand washing (bilingual laminated poster)

**If you have a child in your care who is sick:** People who are showing flu like symptoms are advised to stay home to stop the spread of infection. Please see the enclosed yellow sheet for more information.

If your child care center has a group of children that are absent with flu like symptoms please contact Mendocino County Public Health at 272-8049.

If you wish to print out additional copies of the materials provided in this packet, please visit our website at [www.mendochildren.org](http://www.mendochildren.org) and click on the “What’s New” tab, or contact us at (707)462-4453.

Sincerely yours,

Anne Molgaard  
Executive Director
